Instructions for taxi driver

If you have not arranged our airport transfer service and come by taxi, especially late at night, these instructions will help your driver find us. Remember, we're a relatively new kid on the block so few taxi drivers know our location. Or, they simply assume we are another B&B like La Estancia or a back-packer hostel called 'Balboa Bay'. And as we still have to meet the first taxi driver who can read maps, they are not of much use either. However, we have included one below for your own reference.

So please, **PLEASE** print this page and take it with you and save yourself from possible frustration.

- Quiero ir a Balboa (area revertida). Primero al Instituto Marina Mercante el cual se encuentra frente la escuela Bolivar. Allí entramos.
- A cien metros hay una intersección: seguimos recto, pasando **cinco** (5) policias muertas . Después del quinto, apenas saliendo de la curva esta la casa **2311-A** a su mano **derecha**.
- Es la parte izquierda de un duplex. Tiene un escudo pintado en la pared de fondo de la cochera que dice 'Balboa Inn'.
- Teléfonos: 314-1520 / 6618-4414
