Panama / Panama / Panama City / The Balboa Inn

### Incredible Staff! Highly Recommended!

We stayed at Balboa Inn for one week, and loved it.

#### Pros:

- Lovely garden and terrace. Our kids (5 and 3) loved walking around in the garden with us. Pretty murals painted on the walls.
- Very helpful staff - went above and beyond. Gloria brought treats to our kids on occasions, helped set up a kids swimming pool, and more.
- Breakfast - fresh fruit (pineapple, papaya, juice, cereal, eggs (and once topped with pancakes), sausage/bacon, toast, more.)
- Room - had A/C. Comfortable (but squeaky) beds.
- Internet - worked pretty well when out on the terrace.
- TV - not in the room, but in the common area. Kids loved watching cartoons in the common area on the satellite TV.
- Books - lots of great travel books on vacationing and living in Panama.

#### Cons:

- Room was small and very simple. No sitting room except for beds. Some plugs didn't work.
- Couldn't get Internet access in our room
- Smoking allowed on terrace - annoying when trying to enjoy breakfast
